Informácia o doplnení redakčnej rady

V zmysle odporúčania vedenia fakulty zo dňa 9. apríla 2019 predkladám informáciu o doplnení redakčnej rady Elektrotechnického časopisu (Journal of Electrical Engineering). Uvádzam nových členov redakčnej rady a ich odborné zameranie.

Professor Gyung-Suk Kil

National Korea Maritime and Ocean University
Busan, South Korea

- power facility diagnosis
- lightning protection
- arc detection

Dr. Georgi Chervenkov

Technical University of Varna
Bulgaria

- radiowave propagation
- antenna design, measurements and numerical optimization
- electromagnetic compatibility in telecommunications

Dr. Daniele Mestriner

University of Genoa
Italy

- smart grids and microgrids, grid stability
- electric system dynamics
- innovative control strategy for non-linear dynamic systems

Dr. Vasilija Sarac

University Goce Delcev, Stip
North Macedonia

- design, simulation and optimization of electrical machines and drives
- power converters

prof. Ing. Juraj Breza, PhD.
šéfredaktor

Bratislava 11.4.2019
