[ASEM-DUO] DUO-Korea 2026 Call for Applications

April 03, 2026

Dear Mgr. Sandra Gazareková,

It is our pleasure to notify you that DUO-Korea 2026 is open for applications **from April 3 until May 20, 2026**, Korean local time.

DUO-Korea Programme, which was established in 2001, is sponsored by the Ministry of Education of the Republic of Korea with an aim to promote exchanges of people between Korean and 30 ASEM European member countries on a balanced and permanent basis. The program has supported the exchange projects for professors, students, and teachers by 2008, but, since 2009, it is concentrated on supporting the student exchanges. Over the past 25 years, more than 2,376 professors, students, and teachers have been awarded the fellowship.

Under DUO-Korea Programme, European students in European institutions can have financial support for their exchange study in Korea. We hope this information will be broadly spread in your higher education institutions, so that more European students who are interested in exchanges with Korean institutions will have fellowship opportunities.

You may find the details of the DUO-Korea 2026 Programme including eligibility, criteria, and application information in the following attachments below;
